

A brief report on School Innovation Council :

Ministry of Education's Innovation Cell and AICTE has launched School Innovation Council programme for schools across the country. The primary purpose of an SIC is to foster innovation and creativity among students, teachers, and staff, with the goal of enhancing the quality of education and addressing specific challenges within the school.

New Education Policy has laid huge emphasis on promoting out-of-the-box thinking amongst students. To achieve this goal, school teachers are trained and they will further nurture the young school students on:

- Idea Generation & Idea hand-holding
- IPR
- Finance/ Sales/ HR
- Design Thinking and Innovation
- Entrepreneurship

The Program is designed in such a way that students learn to acquire both knowledge of design and practice of skills required to develop an attitude towards design. Students will learn the following modules in the process:

- Empathize
- Define
- Ideate
- Prototype
- Test
